*Fee amounts include 5% fee surcharge.*

- (a) The number of acres is rounded to the nearest quarter acre.
- (b) The minimum fee amount due at application includes fees for permit administration and one critical area on one parcel of four acres. The fees for critical areas found and acres evaluated may be adjusted upon confirmation by site visit. Any additional fees due must be paid prior to receiving formal designation. Any excess fees paid will be refunded upon completion of formal designation.
- (c) Fee is charged per visit for each environmental discipline, if required by site conditions or location.
- (d) A site engineering review fee of \$493.50 may also be charged, if review is required.
